FARM RECORDS DETECT PROFIT-LOSS FACTORS

Farmers, Like Merchants, Can Know
Stocks and Transactions Only
When Put on Paper.

Oregon Agricultural College, Corvallis, March 18.—Farm records kept in the Oregon farm record book will not only detect the leaks in the business but disclose the most and the least profitable phases of farm operations.

Does your farm produce the usual home supplies—milk, meat, butter, eggs, fruits, and vegetables, as well as breadstuffs and livestock feed? If not, how can you know whether any or all of them can be home-grown at a profit, except by trying and keeping records of cost and value? If so, the records will show which are the most profitable.

If the farm as a whole is paying, is it certain that the farm crops, the livestock, the poultry, dairy, garden—each returns part of the profit? Possibly the money made on corn is lost on wheat, or vice-versa. Rightly kept farm records will tell you.

Is provision made for permanent fertility through diversification with livestock, rotation and green manure? Records will show.

Are quality and yield of crops, livestock and produce on the up or down grade? Is the farm business a better or a worse money-maker this year? Every live farmer wants to know and can know.

Oregon farmers who want to begin keeping records may apply to their farm bureau and county agent, ask their banker, or write to R. V. Gunn, Agricultural College, Corvallis.

Dollars and Cents.

Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself, in fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months.

Spring showing of Novelty Curtains, Panel Nets, Radnor Laces, Voiles, Marquisettes, Madresses, Scrims and Nets, both in Piece Goods and Ready Made Curtains.

Special Prices of 10 to 20 per cent Off

will be given for the next ten days. More than 50 per cent of the charm of your room lies in your hangings. Why not have a pretty room and make home attractive?

Edgar Rice Burroughs' unique story of jungle life, which has been one of the reigning screen sensations during the past six months.</p> <p>Farm Names Lend Dignity.</p> <p>"Inwood," name of a farm near Corvallis, written on the envelope by children away from home, inspires more pride than "R. F. D. 4," says the O. A. C. Press Bulletin. Also, "Cumtux," an Indian word meaning "understand," is more dignified than "the old Smith ranch." Name your farm from its land or water, tree or grass or historical relation—Indian names are especially good in Oregon.
